

4. (Original) An antireflection film-forming composition comprising the polymer of Claim 3 and a solvent.

5. (Currently Amended) ~~[[The]]~~ An antireflection film-forming composition comprising,  
a polymer having a structural unit of the following formula (4)

wherein  $R^4$  is ~~a hydrogen atom or a monovalent organic group~~ selected from the group consisting of a phenyl group, an alkyl group, an alkenyl group, an acyl group, and a group in which one or more hydrogen atoms of a phenyl group, an alkyl group, an alkenyl group, or an acyl group are replaced by one or more of the same or different substituents selected from the group consisting of a halogen atom, a hydroxyl group, a mercapto group, a nitro group and a sulfonic acid group,

$R^5$  is a monovalent atom or a monovalent organic group, and  $n$  is 0 or 1, and

a solvent.

6. (Currently Amended) An antireflection film-forming composition comprising,  
at least one polymer selected from the group consisting of: a polymer having ~~[[the]]~~ a  
structural unit of the following formula (3) ~~of Claim 3~~

10/624,678

wherein  $R^6$  and  $R^7$  individually represent a monovalent atom or a monovalent organic group[[,]] ;

and a polymer having a structural unit of the formula (4) and a structural unit of the formula (5);

and

a solvent.

7. (Original) The antireflection film-forming composition according to Claim 4, further comprising an acid generator.

8. (Original) The antireflection film-forming composition according to Claim 5, further comprising an acid generator.

9. (Original) The antireflection film-forming composition according to Claim 6, further comprising an acid generator.

10. Canceled

11. (New) An antireflection film-forming composition comprising:

a polymer having a structural unit of the following formula (4):

12/624,678

wherein  $\text{R}^4$  is a hydrogen atom or a monovalent organic group and  $\text{R}^5$  is a monovalent atom or a monovalent organic group; and

a solvent.

12. (New) The antireflection film-forming composition according to Claim 11, further comprising an acid generator.
